## PRINCIPAL'S WELCOME ADDRESS AND HIGHLIGHTS OF 2018-19

*“To accomplish great things, we must not only act, but also dream;  
not only plan, but also believe.”*

With this thought, I take this opportunity to present before you the Annual Report 2018-19 of Gargi College.

On behalf of faculty, staff and students of Gargi College, I extend a very warm welcome to our Honourable Guests: Shri Divya Prakash Sinha (IPS Ret), Central Information Commissioner, Government of India; Prof. B.P. It fills my heart with great pride that Gargi College inculcates these values through education which has brought it at par with the top academic institutions of the country. The College was ranked 12th at all Indian level by NIRF. The College was ranked 11 for Arts Stream and 15 for Commerce and Science Streams by India Today. Star Status was awarded to Gargi College by the Department of Biotechnology, Govt. of India in the year 2009 which helped the college to excel in various fields of teaching and research. Gargi College is the only college in India to receive Star College award as well as Star Status. This is the ninth year we have been receiving this award in succession. This year Gargi College also got the privilege of hosting 2<sup>nd</sup> DBT task force meet which was well attended by teachers of all science departments. Moreover, scientists from across the country gave their presentations to get star college award for their respective institutes.

Dear students, life may not be easy but you must never give up even in the hardest of challenge. Give your best and you will surely turn these challenges into opportunities. I would like to mention proudly that college has maintained its sterling academic standards with 100% pass percentage in most of the courses. This year ten students of our college were awarded the Science Meritorious Award by the University of Delhi. Many students from various courses secured university positions. Our students are constantly encouraged to work on research projects along with their regular curriculum. This year too witnessed numerous students presenting their work at international and national conferences and many of them have bagged Best Poster Awards. Very proudly, I want to share that one of our student from second year History (H) was awarded best presentation award at an international conference in Singapore.

To stop learning is to stop living. Faculty members of Gargi College appreciate the same principle and keep striving for more. ---

Luthra, Department of Physics, received certificate of appreciation from Trans-disciplinary Research Oriented Pedagogy for improving Climate Change Studies and Understanding (TROP ICSU) project.

With a great pride, I want to share that five teachers of the College were awarded Ph.D degree this year; Dr. Krishna Meena, Department of Hindi Dr. Mudita Mohile Department of English; Dr. Bharti Sharma, Department of Mathematics; Dr. Salma Khan Department of Chemistry; and Dr. Romita Popli, Department of Commerce.

Most of our teachers are also active researchers and have published their research articles in journals of national and international repute. They were actively involved in presenting their research work in the form of poster or oral presentations in eminent institutes across the world. The college is reputed for organizing national/international seminars, workshops and conferences throughout the year. Our faculty members are routinely invited as resource persons at various seminars and workshops. Some of them are guiding Ph.D students as well. A Ph.D degree was awarded and a thesis was submitted for the award of Ph.D degree under the able guidance of Dr. Promila Kumar.

Life at Gargi is not an academic firewall. We believe in the holistic development of our students and testimony to our goal lies in the fact that each corner of the college is suffused with the vibrant energy as student community is engaged in various extra-curricular activities.

## ENACTUS GARGI

**Teacher Coordinator: Dr. Sheela Dubey**

**Student Coordinator: Radhika Kaamra**

Established in 2013, Enactus Gargi College, University of Delhi is a team of 55 undergraduate students who are committed to using the power of entrepreneurial action to improve the lives of the less privileged in communities around us and shape a better more sustainable world. Our projects include - Project Rachna and Project Aagah.

Project Rachna is an initiative that revolves around using post consumer-textile waste materials and recreating numerous utility craft products such as handmade diaries, mats, pouches, etc. It aims to provide entrepreneurial opportunities to a community of 12-15 marginalized women near Jharsa, Haryana, and the revenue generated from the sales of the products goes directly to these women.

Under Project Aagah, our aim is to raise crucial awareness amongst various at risk, underprivileged communities on socially pertinent issues. We have conducted fundraising events in the college campus for the students of Janta Basti, near Pragati Maidan, one such event being the Hug Campaign. The Campaign saw a huge turnout, with students and teachers alike participating in the event and giving hugs and spreading smiles all around, purchasing Project Rachna products in large numbers and supporting Enactus Gargi in uplifting our community of women. Subsequently, we visited the young, inquisitive kids at Janta Basti and performed skits for them on hygiene, sanitation, good and bad touch. We had a career counselling session with them and the kids showed us their artistic talents in music and dance.

We also had an interactive session at Vardaan Hospital and Senior Citizen Centre near Malviya Nagar. Our most recent session was at Janta Adarsh Andh Vidyalaya, a Blind School in Sadiq Nagar where we interacted with the young students about consent. We organised numerous donation drives to give back to the society. We believe that a little gesture of aid can go a long way. Lastly, we organised Aarohanam 2.0, the second edition of Enactus India Festival which featured a number of exciting

---

---

events, particularly a Speaker Session by a number of successful social entrepreneurs, Social B-Plan Competition and a Plantation drive. The Social B-Plan Competition was met with a positive response, with students from various Delhi University colleges participating in the same. Enactus Gargi aims to continue its work with even more motivation and enthusiasm to empower the underprivileged sections of society through entrepreneurial action.

in October, 2018. The students wrote poetry spontaneously with a few words they came up with on the spot. We screened a documentary on stopping intimate Partner violence by Mohammad Irfan Dar on October 12, which led to an animated discussion on the topic afterwards. Shubhra Awasthy, one of our own members and internationally acclaimed slam poet, conducted a slam poetry workshop on October 26 of the same year. Members were encouraged to break out of their comfort zones and try their hand at spoken word poetry. The central event of the year was, of course, Quilluminati's annual fest: Penorama. The fest was held on January 22, 2019 with the theme Hiraeth - a longing and nostalgia for home, a place to belong. In today's political environment, rooted in general intolerance, this theme deeply resonated with young participants, almost all of whom are looking for a place where they are accepted and not judged. Japleen Pasricha, founder of online intersectional media site Feminism in India, was the guest speaker and held an interactive session on "Personal Failures". People expressed how they would want their ideal home to be, and poured their hearts out on the Wall of Free Speech even as the rain poured outside. The session wrapped up on January 30, 2019 with Reverie, the college's annual fest, where Quilluminati held another creative writing competition for all colleges. As always, members also garnered multiple accolades in competitions and publications. Gopika S. The Equal Opportunity Cell of the college organised two major activities aimed at raising awareness about the critical concerns related to equality, equity, protective discrimination and affirmative action in contemporary India. The first was a Student Colloquia on 15th November, 2018 that saw enthusiastic participation from the students across disciplinary domains. The topic was 'Social differences in our society based on economic class and school education are not cross cutting but overlapping. This causes deep social divisions'. Student abstracts were reviewed and the short listed students made presentations in the colloquia. The discussants were Ms Kiran Bhatt, Centre for Policy Research and Prof. Madhulika Banerjee, Department of Political Science, University of Delhi. Students highlighted various dimensions of social inequality, diversity, preferential equality and regional variations while drawing from their own educational experiences during schooling and in higher education. It was pointed out that our school education system provides for multi-layered hierarchies of access while the constitution has mandated equality of educational opportunity.

The second activity of the Cell was a lecture on February 6, 2019 by illustrious Prof. Ashok Acharya from Department of Political Science, University of Delhi, titled "Equality trade-offs in an unequal society". He spoke of principles underlying affirmative action and made a sharp distinction between the assumptions that underlay the policies of inclusion as separate from the politics of inclusion in contemporary India. His lecture was laced with empirical evidence of how protective discrimination has not necessarily led to equality of educational opportunity yet

continues to be viewed as an equality trade-off to offset the vast inequalities that characterise our society.

### **GANDHI STUDY CIRCLE**

*Convenor: Dr Sweta Mishra*

Gandhi Study Circle organises many programmes and activities with a view to revisit, review and debate Gandhi by the young generation as also to inculcate Gandhian values and ideals among them. Accordingly, during this academic session as well, the Study Circle organised various activities. The circle's activities commemorated with Gandhi Jayanti celebration on 26th September, 2018. Dr Hilal Ahmed, Associate Professor, Centre for the Study of Developing Societies, spoke on 'Making Sense of Gandhi's Politics' and referred to how Gandhi turned simple aspects of social life into a political activity. He derived moral force from these simple acts of daily living be it morning prayers, fasting, reading newspaper and responding to news or evening bhajans. He contrasted his vision of politics with a coarse interpretation that is sometimes accorded to the very term politics in contemporary times. It was followed by Intra-college Poster Making Competition on the theme "Gandhi and Environment". It saw huge participation from Gargi students.

The study circle had its Annual Fest on March 7, 2019. The Fest comprised of a Talk on "The Mahatma as a mortal: Mohandas Gandhi and his struggles with caste" which was delivered by Prof. Satish Deshpande, Department of Sociology, University of Delhi. Prof. Deshpande emphasized the need to neither deify nor demonise the mahatma but engage with him and particularly his writing. He had three main concerns in his life. The first was to turn the freedom struggle into a mass movement with potential to mobilise everyone; second was Hindu-Muslim unity and the third to alleviate the oppressive aspects of the caste system. Gandhi stood for getting rid of the worst aspects of the caste system in our country and did not take a stand more radical than that. Yet it provides a point of inquiry into social reality plaguing our country.

As part of the Fest, inter-college events like Debate, Poster Making and Slogan Writing competitions were organised. The students from different colleges of Delhi University debated on the topic "Gandhi's idea of caste continues to be relevant in contemporary times". They made poster presentations and wrote slogans on the topic "caste, Modernity and Gandhi". All these events saw a good participation of students from DU colleges. The Fest was a huge success.

### **UNMUKTI: WOMEN DEVELOPMENT CELL**

*Nodal Officers for Gender Champions/Faculty Convenor: Dr. Aneeta Rajendran*

*Co-Convenor: Dr. Manju Khosla*

*Student Convenors: Gender Champions from various courses*

UNMUKTI, the Women's Development Centre, Gargi College, imagines a world free of gender-based discrimination and violence. Each year we conduct a variety of sensitisation activities to engage the college community. Creative art is always a wonderful resource to this end. For our annual festival, we invited Mallika Taneja and Shena Gamat's experimental play, “Allegedly” (with publisher Zubaan) which examined how consent is never given for all time but is processual and centred around event/action.

In addition to in-house orientations and film-screenings and discussions of Indian-made documentary films (like Paromita Vohra's Morality TV and the Loving Jihad in the screening of which religiosity and media representation were discussed) we organize workshops collaboratively with various organisations. First in the year was our workshop on domestic violence, with renowned NGO Breakthrough, to help students recognise and tackle domestic violence. The next, with The Consent Project, studied different legal provisions and case-by-case possibilities on fighting violation of consent. Our workshop with peace-building organization STEP (Standing Together to Enable Peace) on Critical Media Literacies examined how to build conceptual and practical skills to create feminist media content in both digital and traditional media as we see feminist media use as actively furthering a violence-free world. We ourselves invest considerable effort on mentoring and co-curricular work with students to create content, showcased in our magazine, which we hope is a community resource and pleasurable reading.

The WDC further provides students with a space from where to access counselling, arbitration, referral and other support in matters of personal violence they may be facing. Students approach the committee for continuation of support sought earlier,

---

or for fresh matters involving various forms of gender-based violence. Our other services for students and employees alike, developed and operated by the WDC, include the college's Day-Care Centre and the Sanitary Napkin Vending Machine, both going strong.
