Dear Teachers, Students and Staff,

I am honoured to address all of you on this Annual Day of Gargi College, one of the most prestigious institutions in University of Delhi. Our college has been at the forefront of providing quality education and empowering women with knowledge and skills for the last five decades.

In the recent past, Gargi College has made significant progress in implementing the National Education Policy 2020. The college has smoothly implemented the policy, and the faculty members and staff have been working tirelessly to ensure that the students benefit from the new initiatives. The NEP 2020 has brought about a paradigm shift in the education system, and our college has taken proactive measures to align itself with the new policy.

I am delighted to say that our college has been doing excellent work in various domains, and I would like to take this opportunity to appreciate some of the achievements.

First and foremost, I would like to appreciate all of you for the successful conduct of the International Conference on Wellbeing 2023, which was held in February. This conference was an international event and provided a platform for experts from around the world to share their knowledge and ideas on well-being. It was a testimony to the hard work and dedication of our faculty members and staff that the conference was a great success, and helped us establish ourselves as a leader in this field.

I am also pleased to appreciate the outstanding performance of our students in academics, sports, and extracurricular activities. Our sports department has been providing excellent facilities and coaching to our students, which has resulted in their remarkable achievements at various inter-college and national-level competitions. Our students have also made us proud by excelling in various cultural and literary events.

Moreover, I would like to appreciate the tremendous efforts of our faculty members and students in ensuring a smooth transition from online to offline classes. It was indeed a challenging task to shift from online to offline classes, but our faculty members ensured that the transition was smooth and seamless. I must appreciate the efforts of our students as well, who showed remarkable resilience and adaptability in adjusting to the new normal. We are now back to normal offline classes, and it is heartening to see our campus bustling with activities once again.

In conclusion, I would like to extend my heartfelt appreciation to all the faculty members, staff, and students for their hard work and dedication, which has made Gargi College one of the leading institutions in the country. Gargi College continuously endeavours to build bridges between nascent dreams and the unfolding of their triumphs! It strives to stimulate a dynamic vision to keep up with the challenges of our times; create a brave space to explore ones' potential and facilitate a culture of persevering towards excellence in all domains. We endlessly try hard to create a sub-culture that reflects a progressive educational environment; that is empowering for both students and other community members and is embedded in sustainable goals and liberal ideas that are inclusive of diversity and motivate the members to lift each other up in the process of one's own growth.

In terms of our vision for the future, borrowing from the wisdom of Mrs. Sarojini Naidu, 'We want deeper sincerity of motive, greater courage in speech and earnestness in action!'

Thank you for your continued support and faith in this community we have collectively nurtured!

QED-THE ENGLISH DEBATING SOCIETY

Teacher Convenor: Ms. Smejita Rajkumari

Teacher Co-convenor: Dr. Tanjot Singh

Student Convenor: Ms. Prarthana Jhawar

Student Co-convenor: Ms. Muskan Thukral

QED or Quod Erat Demonstrandum (meaning "which was to demonstrated") is a literary coterie of enthusiastic rhetoricians that debate and discourse a wide range of topics/ideas intending to create equitable solutions to the predicaments and dilemmas that are faced by the global society today. As a society, we uphold the ethos of free thought, leadership, and empathy among individuals.

QED is now in its 18th year since its inception and has grown to be one of the most active societies of the college. Every year the society hosts 3 major events- a 3-day flagship parliamentary debate competition, WAX Eloquent, a conventional debate and a fundraiser

debate called Inaayat (replacing the earlier held annual Turncoat). Inaayat (Asian Parliamentary Debate) was the crown jewel of our society in 2022. It was organized under the leadership of two major societies in the Delhi University debating circuit representing Women and Gender Minorities. QED hosted the three-day tournament in collaboration with the Miranda House Debating Society, which drew over 200 debaters and adjudicators from across the Indian debating circuit. It was a fundraiser tournament that raised 61,500 Indian rupees that were successfully donated to Prerna Social Development and Welfare Society- a non-profit, non-political, and non-government organization that is actively engaged in social services with an emphasis on women empowerment through vocational training and health awareness programs.

Session 2022-23 nearly doubled the already impressive list of accomplishments, with members making an impression in nearly every tournament they competed in. Members of QED received a total of 28 awards and honours in the category of debating and 55 in the category of adjudication. Sixteen of the 83 awards were won at international tournaments.

Furthermore, after two months of intensive training, the freshers are now ready to take the debating circuit by storm. Lastly, as the session comes to an end, QED is ready to make a smashing comeback with its annual debating championship WAX Eloquent (3-5 April) on the campus grounds, after nearly 3 years of online debating. Rounds will be moderated by some of the finest and most eminent core adjudicators in the Indian Debating community. The bright-eyed members are thrilled to bits and are working their tails off to make this event a great success.

The members of both societies talked about Dr. Madhavi Menon's book 'Infinite Variety', and the discussion was moderated by Mr. Sameer Chopra. On September 21, Quill had the privilege of hosting Ms. Prithiva Sharma, a beloved alumnus, to talk its current members through the process of editing and subtitling. In October, the members organized a fundraising activity on the college premises, selling tote bags hand-painted by them. On November 4, Quill organized a one-day event called Mukhtalif to celebrate diverse identities. Dr. Sabeen Rizvi, the guest speaker, emphasized the need for an intersectional and pluralistic understanding of the self as we work towards an empathetic society. An inter-college slam poetry competition on the theme 'Campus and Resistance' and an on-the-spot creative writing competition were also organized.

QUIZZITTO - THE QUIZ SOCIETY

Teacher Convenor: Dr. Aparna Joshi

Teacher Co-convenor: Dr. Chhaya Sawhney

Student Convenor: Ms. Shubham Priya

Student Co-convenor: Ms. Bisma Khan

Quizzito, The Quiz society of Gargi College seeks to encourage, inform, and inspire its members about all the nuances and intricacies of quizzing while also giving them opportunities to hone their quizzing skills. Keeping up with this vision, the Society conducted a myriad of events in online, offline and hybrid mode. The activities for the academic session 2022-23 kick-started with the members actively engaging in making questions banks for the society. In order to encourage interaction between members and to acquaint them with the practice of question-making, a series of online quizzing sessions were organized within the society. The quizzes, created and conducted by the members, covered a variety of themes like Pop, India and General quizzes along with some niche quizzes like 'The Suffering Quiz'.

We organized our first offline event after the pandemic, an intra-college quiz – 'God Save The Quiz' on September 21, 2022. After two years of online functioning, this event helped the members gain experience and confidence in organizing offline quizzes. The quiz saw participation in huge numbers and received overwhelmingly positive feedback. On October 15, 2022, we organized 'Wrong Answers Only – (Not) A Pop Quiz', in collaboration with the Student Council and NSS Gargi, as a part of the pre-jitters for Zistatva 2022 – The Annual Diwali NGO Exhibition of Gargi College. We organized an orientation session for November 5, 2022 in accordance with the admissions of new students. We shared our experiences, answered any first-years' questions about joining the society, and introduced the idea of college quizzing

in a fun and interactive session. The tremendous response to our monarchy quiz prompted us to conduct another intra-college quiz, 'Mostly Harmless – A Pop quiz', on November 9, 2022. The event was conducted successfully with a large number of students participating enthusiastically. The event also helped familiarize freshers with quizzing. Conducting intra-college quizzes aided the members in their understanding of question-framing and QMing. We invited Mr. Abhinav Dhar to conduct a quizzing workshop, 'Quizzers' Sabbath', on January 7, 2023. The workshop was open to all students of UG/PG courses. Students from various colleges across Delhi, attended the workshop and found it to be very insightful. The first-year students started joining in the latter half of the academic year, with the first round of recruitment, a recruitment quiz, was held on January 13th and the second round wherein the top candidates from the first was interviewed by the senior members was held over the course of two days (18th and 20th January). SAMRANJINI - THE INDIAN MUSIC SOCIETY

Teacher Convenor: Dr. Joya Bhattacharya

Teacher Co-convenor: Dr. Deepika Chatterjee

Student Convenor: Ms. Anushka Banerjee

Student Co-convenor: Ms. Mahika Pillai

Samranjini firmly believes in the power of music to express all things material and sublime. For music is the ornament that adds colour and meaning to our lives. Our activities and practices are firmly rooted in Hindustani and Carnatic music traditions, the two pillars of Indian classical music. We, at Samranjini, strive to uphold the values of discipline, perseverance, and humility by nurturing a space imbued with respect, dignity, and dedication. These values constitute our core principles as musicians and human beings.

Our cardinal aspiration is to preserve and maintain the sanctity of tradition and legacy while celebrating modern times' musical evolutions. We're known for authentic compositions, tireless efforts and being more than eager to perform at regular college events. Samranjini has been blessed with an amazing legacy bestowed upon it by brilliant vocalists and through the support of our amazing teacher convenors, and mentors.

Samranjini has constantly posted musical content on its social media handles, which has enabled us to reach a wider, younger audience. We have also performed at various events organized by the college, including an intercollege solo singing competition organized by Samranjini under the aegis of Azadi ka Amrit Mahotsav. The theme for the competition was Navrasa, the nine emotions that characterize expression in the Indian classical performing arts. The event was held online on Google Meet, where participants sang classical compositions based on Raagas that emulated these nine emotions.

Samranjini organized a number of intercollege events collectively known as Malhaar'22, under the banner of Reverie'22, the annual college fest. The events organized were Khyal (a classical solo singing competition) and Reverie Idol (a Bollywood solo singing competition). We also organize events like Sangam (classical choir singing), Vadan (instrumental solo competition), and Jugalbandi (duet singing competition). Apart from these, the society members also rendered a Saraswati Vandana during the inaugural function of the festival.

An intercollege solo singing competition was organized by the society under the aegis of Azadi ka Amrit Mahotsav. The theme for the competition was Har Ghar Tiranga. This was the first offline event held by the college after the pandemic, with 24 participants who sang compositions based on patriotism and independence. We have also performed in multiple college events, including Freshers'22, Farewell'22, Annual Day'22 and Spin'22 (Sports Day). The society performed raag malhar, adapted from a Coke studio rendition named Ghan Garajat. The society has also performed various famous Bollywood pieces during Farewell and Spin.

The college collaborated with the Hungarian Visiting Lecturers Network and Poetry Across Cultures, India to welcome Hungarian artists János Háý and Tamás Rozs. This was followed by a music and dance recital by students of Nazaakat and Samranjini. The Hindi translations of two of the poet's poems have been set to the intricacies of traditional Indian classical music and dance. Samranjini and Nazaakat, the Indian Dance Society of Gargi College, performed together in the valedictory session of the International conference to celebrate the DU centenary year on translated Hungarian poems by Sandor Petofi.

SPARX - THE CHOREOGRAPHY SOCIETY

Teacher Convenor: Dr. Rashmi Bharadwaj

Student Convenor: Ms. Parnavi Pandit

Student Co-convenor: Ms. Gurmehar Thind

SPARX is an all-girls contemporary dance society at Gargi College that creates annual thematic performances based on social issues, utopian ideas, and stories of unsung heroes. Our goal is to express ourselves through movement, unleash our inner passion, voice our opinions, and create a unique vision. Our productions explore unexplored themes that offer a moral message and relevance to current times, whether it's a social cause or an urban legend. Our team consists of 20 members. The students and the teacher convenor are integral to society's overall functioning and management. We focus on jazz, contemporary, and ballet techniques that help us build core strength and flexibility. The production of session 2022-23 marked a tribute to Helen Keller's celebrated life. It emotionally touched souls and was placed-

- 3rd at IIT Delhi's Annual Fest - Rendezvous
- 2nd place at Kamala Nehru College's NRITYAKRITI.

We are seen experimenting with modern commercial extensions of our parent dance forms in various performances while revealing our sassy side. From doing a chair choreography and setting the stage on fire in the college freshers' event to jazz on Bollywood beats in Zistatva pre-jitters to commercial jazz showcased after being invited at Engifest 2023, DTU, we've done it all.

The annual production for 2023- Carousel, portrays freedom that unleashes madness, a tale of true acceptance. It takes its inspiration from Oscar-winning Movie 'Joker'. It seeks to drop the mask worn by society, and as the mask drops, so does sanity. This spine-chilling, toe-curling tale gave the viewers goosebumps, as they were seen at the edge of their seats, helping us win the 2nd prize at Rendezvous IITD 2023

This isn't where we stop, there are tons of more competitions coming up where we plan to pirouette our way to the top.

UPSTAGE- THE DRAMATICS SOCIETY

Teacher Convenor: Dr. Suchitra Bharti

Student Convenor: Ms. Ahana Kaith

Student Co-convenor: Ms. Papiya Dey

Upstage started off the academic year 2022-23 with a performance during the NAAC visit. We performed an adaptation of 'Seven Jewish Children' by Caryl Churchill. A play on the life and lessons of Helen Keller and how Anne Sullivan, her teacher, gave a new direction to her life was devised and performed on the event of Teacher's Day.

Upstage took one of its then productions in the making, which was an adaptation of the play, 'Constellations' by Nick Payne, where we explored the different dimensions and parallels of the universe on the lines of exploring love, to the preliminary round of Mood Indigo, the signature festival of IIT Bombay.

Upstage organized a theatre exhibition in the annual Diwali fest, Zistatva. Paintings of Raja Ravi Varma were chosen, particularly of those women who have suffered injustice in the past.

The members posed as those paintings and came together in the end to show women's empowerment. Then was Orientation Day, which was a self-written piece on the theme of women empowerment through which freshers were introduced to Upstage and theatre. Upstage made another short production for the Freshers' event.

The highlight of the year has been our performance at LTG Black Canvas which was a workshop outreach production House/Haus, direction, and curation by Sir Mukherjee P. 'House/Haus' is an adaptation of the story 'Tiger on the tenth day' by a Syrian Arabic writer Zakaria Tamer translated into English by Mahmoud al-Zayed with a confluence of poets. Upstage attempted to learn and understand theatre beyond the proscenium through its performance and explored an experimental performance space in LTG Blank Canvas.

Towards the end of the academic year of 2022-23, Upstage is making two annual productions, both on the themes of questioning the social and systemic justice systems as well as our silences.

Every year, AVNI comes up with new initiatives to advance its objectives. This year too, AVNI took several initiatives. It advances through engaging in activities across all imaginable spectrums. AVNI, with assistance from Koshish NGO, undertook a 2-day Biogas Production Workshop at the college to educate students about solid waste management. The members learned how to operate the biogas plant, the functions of different parts, and how it benefits the environment. AVNI conducted the Ozone Buzz Quiz Competition to mark the occasion of International Day for the Preservation of the Ozone Layer. The competition's main aim was to educate students about the ozone layer. AVNI also organised a hands-on activity, 'Seed Bomb Making,' guided by Dr Mudita Mohile, Department of English, Gargi College. Seed Bombs are made from a mixture of clay, compost, and seeds of calendula & nasturtium and are an innovative and effortless way of planting.

This year, members of AVNI took a trip to the Aravalli Biodiversity Park to have a first-hand experience of the diversity of organisms and plants in our vicinity. They learnt about different types of vegetation, observed a wide range of plant and animal species, and understood how every species is dependent on each other to survive.

To explore nature through the study of birds, a 'Bird Watching Walk' was organised for the members in the college surroundings. The tour was guided by Delhi-based nature and wildlife enthusiast, Mr. Abhishek Gulshan. We tracked the trends and distribution of different species of birds, such as Purple sunbird, Rose-ringed Parakeet, Kingfisher and Oriental Magpie-Robin etc. Two rounds of bird watching were conducted, one of them being recorded under the Campus Bird Count Initiative 2023.

AVNI conducted Pebble Painting on the theme "Our Earth 2030" to stir up members' creative abilities. On the occasion of Diwali, the club conducted an Awareness Rally against the use of firecrackers. After completing Zistatva, The Diwali Fest, it also conducted a Cleanliness Drive on the college premises.

Members of AVNI, in collaboration with Kshitij, The Street Play Society of Gargi College, started their new year by Planting Trees around their premises. Throughout the year, AVNI conducted many online events such as Reel Making, Tree Hugging and Eco Memes to make

people aware of the environmental issues through its social media handles. AVNI also conducted an Open Mic competition. AVNI also brought initiatives to decrease the use of plastic materials in the college with activities like My Cup at Cafe, in which members were required to bring their own cups to have beverages in the college.

Every month, AVNI conducts a discussion session, called Eco Baithak, on various environmental issues. It brings diverse views to the table, resulting in better suggestions and courses of action. The discussions on topics like "the contribution of wildlife tourism in protecting endangered species", "artificial intelligence and the environment", "should everyone turn vegetarian?" etc. were held.

In addition to taking steps for environmental conservation, AVNI aims to conduct various activities to give all its volunteers a platform to showcase their love for nature through their diverse skills.

SAMARTH- THE ENABLING UNIT

Teacher Convenor: Dr. Monica Gupta

Student Convenor: Ms. Jagriti Giri

Samarth is the Enabling Unit of Gargi College, University of Delhi. It was established in the year 2015 under the UGC guidelines. The unit works with the explicit purpose of safeguarding the rights and working toward the welfare of students with disabilities. Samarth has hosted a number of events to promote equity and equality of opportunity, as well as to raise awareness of the rights of persons with disabilities. We have a team of more than fifty-five dedicated

volunteers headed by the Student Union and Faculty Union, who are working on various projects and initiatives for the PWD in and around the college. The word Samarth in Hindi means "Capable". People with disabilities are often perceived as weak and helpless. The Enabling Unit of Gargi College was named Samarth to scrap this misconception and symbolise the capability of persons with disability.

For the session of 2022-23, Samarth conducted many events, including Swatantra Samarth held on August 15, 2022, on the occasion of Independence Day where the Samarth volunteers performed the National Anthem in Indian Sign Language to make the experience more inclusive. Report of International Multidimensional Conference on "Revisiting Wellbeing: Perspectives, Challenges, and the Road Ahead"

Organizing Secretary: Dr. Geeta Sidharth

Convenors: Dr. Geeta and Dr. Varun Bhandari

The University of Delhi has completed hundred illustrious years since its foundation in 1922. To mark its centenary celebrations, Gargi College organized a two-day conference on, 'Revisiting Wellbeing: Perspectives, Challenges, and the Road Ahead' on the 1st and 2nd of February 2023, sponsored by the ICSSR. The conference aimed at bringing into light the elements of wellbeing on all the fronts - physical, mental, emotional and most importantly, spiritual.

The inaugural session of the Conference was graced by several distinguished dignitaries including Prof. Sri Prakash Singh (Director, South Campus, University of Delhi), Prof. Amit K. Singh (Chairperson, Governing Body, Gargi College, University of Delhi), Prof. Ajay Kumar Singh (Head & Dean, Faculty of Commerce and Business, University of Delhi) and Prof. Ananya Ghosh (Treasurer, Governing Body, Gargi College, University of Delhi). It commenced with the customary lighting of the lamp by the guests and a prayer song by the students of Samranjini, the Indian music society of Gargi College.

During the welcome address, the Principal of Gargi College, Prof. Sangeeta Bhatia, highlighted the institution's distinctiveness towards achieving holistic education by announcing the opening of a Centre of Wellbeing in the campus. Prof. Yogesh Singh (Vice Chancellor, University of Delhi) could not join in physically because of a pressing commitment, and hence, sent a video message, congratulating the Gargi fraternity for being the first in the university to have established such a centre. The principal invited the guests to inaugurate it virtually.

Prof. Amit Kumar Singh discussed how, in the post-pandemic world, mental health has gained even greater importance. He revealed the data of a study which says that happier people live longer lives. Prof. S.P. Singh, the Guest of Honor, talked at length about cognitive wellness and went on to discuss the roots, dimensions and usefulness of the same. He left us lingering with the question - Ko Aham (Who am I)? He gave a detailed insight into Indian Classical Literature and discussed the usefulness of several ancient Indian scriptures.

The keynote address was delivered by Prof. Ajay Kumar Singh. He brought forth five introspective questions critical to one's purpose of life and encouraged students to find the answers to the same. He used the metaphor of a city with nine gates to describe the essence of the human body. The vote of thanks was proposed by Dr. Geeta Sidharth, the organising secretary of the Conference.

This was followed by two technical sessions, namely, 'Science for Wellbeing: In Spirit and In Practice' and 'Fitness, Mental Wellbeing and Living Meaningfully' were held. The first session, 'Science for Wellbeing: In Spirit and In Practice' included a diverse platform of eminent panellists, including Dr. Faiyaz Ahmed Khudsar (Yamuna Biodiversity Park), Prof. Rup Lal (Dept. of Zoology, DU), and Prof. S.K. Trigun (Dept. of Zoology, BHU). Dr. Shashi Tyagi, former Principal of Gargi College was the moderator of this technical session. Dr. Faiyaz emphasized the importance of biological preservation in restoring biodiversity, which promotes the well-being of the ecosystem. Prof. Rup Lal's presentation titled "Microbiological sciences for personal and community well-being" shared the importance of microorganisms and their contribution from the individual to a global level. Finally, Prof. S.K. Trigun emphasized on the science of Indian culture and happiness.

In the second session, 'Fitness, Mental Wellbeing and Living Meaningfully', Dr. Manasvini M. Yogi (Former Dean, Delhi School of Journalism) discussed philosophical considerations around wellbeing from the perspective of Indian and Western theories. She discussed what the seven schools of Indian philosophy recommend for experiencing wellbeing. Dr. Arvinder J Singh (Director, Ashoka Centre for Wellbeing) delivered a talk on 'Decoding Wellbeing in University Spaces' and emphasised how with the increase in the number of choices available to young population there is also increase in stress, uncertainty, ambiguity and self-doubt about the choices to be made. Ms. Ankita Bhambri (International Tennis Player) shared her personal life experiences as an athlete and gave some tips regarding physical fitness. She stressed on the importance of rituals and routine in achieving physical well-being. Ms. Bhambri emphasised on beginning with physical activities at a slow pace and gradually, increasing the target to achieve success in the same.

Thereafter, four live workshops were held, namely - 'Living with Purpose - Lessons from Cognitive Wellbeing and the Power of Mind' conducted by Dr. Arvinder J. Singh (Director, Ashoka Centre for Wellbeing), 'Wellness - In Spirit and Practice', conducted by Ms. Anuradha Agrawal (The Gnostic Centre), 'Celebrating Emotional, Mental and Spiritual Wellbeing' conducted by Ms. Seema Charla (Science of Spirituality), and 'Alternative Healing to Wellbeing' conducted by Dr. Poonam Gulia (Trainer, Art of Living). These workshops helped in the discussion of overall well-being and efficiency under different subgroups to offer practical exposure to the theme.

The second day of the Conference commenced with two insightful talks, chaired by Dr. Rekha Navneet (Associate Professor, Gargi College). The first topic 'Equanimity and Well-being: An Inquiry into Indian Tradition' was presented by Prof. Balaganapathi (ICCR Chair for Indology, University of West Indies, Jamaica). Through a presentation, he discussed the philosophical aspects of well-being with a mention of Vedic practices. Dr. Geeta Sidharth presented the

second talk on 'Role of Professional Counselling in Fostering Wellbeing in Higher Education Institutions'. She put stress on the wonders of Patanjali's Yoga Sutra on one's body and mind. Thereafter, two technical sessions were held.

During the panel discussion of the first technical session on 'Re-Envisioning Development: Moving towards a Wellbeing Economy', Dr. Mukund Rajan (Chairperson, Ecube Investment Advisors Pvt. Ltd.) gave us a comprehensive walkthrough into the concept of ESG. Mr. Sanjiv Ranjan (Founder Director, All India Institute of Mind Body Medicine), with the help of an experiential activity, emphasised the necessity of a turnaround for a turnover. He also presented a poem, drawing a beautiful allegory of nature. Mr. Varun Sahai (Co-Founder, Dive Analytics Pvt. Ltd.) called well-being an 'intrinsic' concept and posed a question - Is the core being taken care of? He reiterated the importance of mental health. In the end, Prof. Asmita Kabra (School of Human Ecology, Ambedkar University), the moderator, shared her opinion on the need for an intersectional study to bring the element of welfare into economics. She added that growth cannot be just for the sake of growth and development goes beyond a mindless increase in numbers.

Technical Session 4 (Humanities) was a Panel Discussion titled " The Challenges of Caste, Gender and Disability" with three panelists Prof. Anita Ghai (Ambedkar University, Delhi), Prof. Sukumar (Dept. of Political Science, DU) and Prof. Smita Sehgal (Lady Sri Ram College, DU). The session was moderated by Dr. Deeksha Bhardwaj (Gargi College, DU). Dr Bhardwaj questioned the monolithic concept of well-being and emphasized how the social and political mechanisms should be more inclusive. Prof. Ghai engaged with the oppression of Disabled Women in their socio-cultural positioning in an essentially patriarchal society. Prof. Sukumar primarily focused on the situation of the migrant labourers during the pandemic and ended his talk with an emphasis on the necessity of radical empathy. Prof. Smita extensively talked about the "Gendered Understanding of 'Wellbeing' in early Indian textual traditions and how women's well-being was tied to the idea of reproduction.

Thereafter, 56 paper presentations were conducted, 49 offline and 7 online, on a wide array of topics, ranging from technology management to spirituality, from climate change to psychosocial oncology, from financial inclusion to SMEs. Keynote address of the valedictory session was given by Prof. Namita Ranganathan (CIE, University of Delhi) on the topic "Construals of Students' Wellbeing in Contemporary Times".
