Dear Teachers, Students and Staff

It is a privilege to speak to you all on this significant occasion of Gargi College's Annual Day, a distinguished institution within the University of Delhi. Over the past fifty years, our college has been a leader in delivering excellence in education and empowering women with the knowledge and skills they need.

Recently, Gargi College has shown notable advancement in putting into action the National Education Policy 2020. The institution has effectively integrated the policy, with dedicated efforts from faculty and staff to ensure students reap its benefits. The NEP 2020 marks a transformative phase for education, and our college has actively adjusted its strategies to harmonize with this new direction. I am delighted to say that our college has been doing excellent work in various domains, and I would like to take this opportunity to appreciate some of the achievements.

I want to express my gratitude to everyone for the excellent organization of the 2024 National conference and sensitization program, held in March. This comprehensive event provided a platform for experts to share insights and perspectives on the numerous challenges and opportunities related to the aging population. The conference's success is a testament to the hard work of our faculty and staff, establishing our position as leaders in this field.

In addition to this, the college has effectively hosted a national conference focused on financial literacy, specifically aimed at clarifying investment choices. The event was honoured by the presence of our respected Vice Chancellor, Professor Yogesh Singh. Distinguished experts in the field of finance shared insights with the audience, enlightening them on optimal investment strategies.

I'm delighted to acknowledge the exceptional achievements of our students in academics, sports, and extracurricular pursuits. Our sports department has consistently offered top-notch facilities and coaching, leading to remarkable successes for our students in inter-college and national-level competitions. Additionally, our students have brought us great pride through their excellence in cultural and literary events.

Additionally, I commend the remarkable efforts of both our faculty members and students in facilitating a seamless transition from online to offline classes. Transitioning posed significant challenges, yet our faculty ensured a smooth shift. I must acknowledge the outstanding efforts of our students, who displayed remarkable resilience and adaptability to the new circumstances. With our return to regular offline classes, it's gratifying to witness our campus buzzing with activities once more.

Lastly, I am delighted to announce that this year has been remarkable, with approximately 70 appointments, promotions, and the welcoming of new faculty members. I foresee that our expanded family will contribute greatly to the advancement of the college. As I wrap up, I want to express my deepest gratitude to all the faculty, staff, and students for their unwavering commitment and effort, which has elevated Gargi College to a prominent position among the nation's educational institutions. PATHFINDER AWARDS

PATHFINDER

HUMANITIES

Convenor: Prof. Veena Sharma, Department of Hindi

This year's theme is "For the Planet, People, Peace, and Prosperity: Sustainability & Growth", which embodies a comprehensive approach to global development. Each of its four components entails a pledge to a more comprehensive, equitable, sustainable, and harmonious future. The planet signifies the environment and the requirement for sustainable practices to safeguard and preserve its natural resources. People highlight the importance of human well-being and social justice, including efforts to improve access to healthcare, education, clean water, as well as initiatives aimed at reducing poverty, inequality, and social injustice. Peace is crucial for stability and prosperity, emphasizing the importance of working towards a world free from violence, war, and terrorism. Prosperity refers to a new understanding of tangible/material growth based on empathy, social justice, and contentment. It involves creating opportunities for decent work, equal work, economic stability, and financial inclusion. Along with the broad theme, the following sub-themes can also be considered:

- Revisiting our roots: Culture & Heritage
- Wisdom from the margins: learning from the traditional knowledge systems
- Literary responses to the planetary crisis
- Education for Peace Building
- Re-evaluating the human and the humane
- Reducing the gender gap
- Development and its discontent
- Development & Adoption of Biofuels
- Adoption of Digital Infrastructure

The concept note emphasizes the interconnectedness of these goals and highlights the need for comprehensive strategies to achieve them. By coordinating efforts at the grass-roots level, we can begin working towards a more sustainable, inclusive, and peaceful world. Students are welcome to contribute their research projects on additional but related and relevant sub-themes to the above concept note.

The committee received 16 projects for the first round of abstract presentations and for the final round 9 teams presented their research projects. The final event took place on 4th April, 2024 at Seminar Hall. Two experts from social sciences were invited to judge the event, Dr. Ganesh Manjhi, Assistant Professor, Centre for Mathematical and Computational Economics, School of Artificial Intelligence & Data Science, Indian Institute of Technology, Jodhpur and Dr. Ayesha Gautam, Assistant Professor, Department of Philosophy, University of Delhi. The judges evaluated the teams based on plagiarism, objectives, methodology, overall writing, presentation, and question & answer round.

RESEARCH DEVELOPMENT CELL

Convener: Prof. (Dr.) Aparajita Mohanty

The role of the RDC is to cater to all aspects of student and faculty research at Gargi by encouraging research in thrust areas. The workshop on "Getting Started with R" was organized by Dept of Commerce in collaboration with RDC to expose researchers to deal with statistical analysis in research. Further, RDC has formulated a related cluster group called the International Research Committee (IRC-RDC) to look after international funding and collaborations.

RDC has regularly encouraged researchers to disseminate their published research outcomes to stakeholders and the public at large via the college Media Cell. The RDC has also shared information regarding call for proposals and internship programs for students on a priority basis. RDC has encouraged the signing of MOUs with academic institutions & other stakeholders for cooperation and synergistic partnerships. The IRD-RDC team had an interaction with the EADA business school in Barcelona, Spain, on the 14th of February, 2024. RDC has helped with project proposal submissions. This year, with RDC efforts, three projects (totaling 57 lacs approx.) were funded by the Department of Biotechnology, Ministry of Ayush, and ICSSR. RDC has allocated funds up to 1.5 lacs annually for UG student research (Pathfinder projects) and for conference registrations for faculty members.

RDC has regularly been sharing the status of ongoing/ completed research projects/Programmes, expertise & resources, etc., making effective use of Information & Communication Technology (ICT) for preparing the database of in-house experts via the college website.

RDC encouraged the utilization of the expertise of superannuated active faculty in research capacity building of Gargi students by inviting them for talks and in alumni interactions series organized by Dept of Botany. Recently RDC organized an interaction with newly recruited faculty members on 2nd April 2024. The main objective was to motivate them to apply for funding of research projects, seed grants and to publish in reputed journals (SCOPUS, WoS, UGC-Care). A major highlight of this interaction was the promise of setting up a Gargi Research Ethics Committee.

UNMUKTI

Convenor: Dr Manju Khosla

Unmukti, the Women's Development Centre, continues to be a resource for our college community at all levels. Our workshop on domestic violence, facilitated by a resource person trained by NGO Breakthrough helped students understand both the prevailing laws on domestic violence as well as how the psycho-social subtexts stemming from patriarchal dominance can be addressed. Our workshop with non-profit initiative Project Edu-Access provided a different skillset, this time in the form of tools to access scholarships and tertiary educational mobility to students who want to pursue research opportunities, especially geared towards socially disadvantaged demographics that may historically never have thought of entering post-graduate studies. Students received specialised support on how to put together the portfolio of research and personal statements required for entry into these positions, especially if one pursues graduate studies abroad. Our sensitisation programme on Acid Attacks in India, in collaboration with the Brave Souls Foundation, featured three acid attack survivors whose narrativisation of their struggle and pursuit of justice and redressal educated our community about a horrendous form of violence as well as the role we can each play to mitigate such forms of patriarchal violence. Our annual fest, Parichit, explored interconnectedness of gender and health, with workshops on mental health, on reproductive health and justice and on PCOS awareness, focused on strategies for immediate well-being as well as for created over the long-term, spaces for themselves as well-adjusted, yet thoughtful and ethical beings. In addition to such sessions, our work in the form of structural support to the institution continues. The day-care facility now a decade old, remains a source of comfort and immense succor to staff and students alike; our sanitary napkin vending machines remain a stoic and reliable presence. The mental health counselling facility available to all current students and administered by through the WDC has been fully booked and used by students, imparting confidence and courage in various circumstances of need.
