Library should increase issue period for books.

Not able to use the services of library

-

We didn't have access to library books during the pandemic, so it would be convenient for the students if the college can make them available online.

We didn't have access to library books during the pandemic, so it would be convenient for the students if the college can make them available online.

Provide an online portal for students to access books anytime and anywhere

No suggestions

Okk

No really

Sitting is conjusted and less.

Nil

Sitting is conjusted and less.

Nil

Increase opening time

Library should open early around 8am, so that we can find a place in college to study...

No suggestion, was just concerned about the covid situation. We hope all covid protocols would be followed.

Less books

Separate the I'd card and library card cause if we lost our I'd card and there will be exam it will cause problems because we can't Issue books without I'd card

- Allow books other than library books inside library so that we can study , anyways , library books are distinguishable because of their red cover
- Latest sample papers for the courses can be provided
- Availability of books for competitive exams as well.
- I feel like our library should have many novels for a good reading habit.
- More number of latest and revised editions of books should be kept..and also if possible books gor competitive exams as well
- All books should've required of each course
- More copies of the same book should be available so that more students are able to issue the same book.
- Kindly waive late payment fees on books issues before the pandemic as students were stranded at their hometowns and couldn't return to college, thus unable to return library books in time.

- All books should've required of each course
- More copies of the same book should be available so that more students are able to issue the same book.
- Kindly waive late payment fees on books issues before the pandemic as students were stranded at their hometowns and couldn't return to college, thus unable to return library books in time.
- Better Wi-Fi connectivity can be established.
- I am Fully satisfied with the services ...
- Books for competitive exams are scarcely available. Also it doesn't have updated books and magazines for current affairs. It would be better if there are at least 3 to 4 copies of the Hindu or any other newspaper daily. Thank you!
- Nothing
