

2020-2021

IQAC is a symbol of quality sustenance system at the institutional level. Since quality enhancement is a continuous process, IQAC works towards the realisation of the goals of quality enhancement & sustenance. It's functions include development and application of quality benchmarks/parameters for various academic and administrative activities of the institution; facilitating the creation of a learner-centric environment conducive to quality education and faculty maturation to adopt the required knowledge and technology for participatory teaching and learning process; arrangement for feedback response from students and other stakeholders on quality-related institutional processes; dissemination of information on various quality parameters of higher education. As an inclusive policy and leadership-building process the President of the Student Council and Sports President are represented in the IQAC as student-members. It is a recognition of the democratic process of student representation in the governance of institution. And it is also a measure of trust placed in the student body.

*** A Two day Training Program on Institutional Quality Measures for Administration on 17th & 18th June 2020 was organised by IQAC for non-teaching staff** on implementation of E-governance in areas of operations, planning and development, administration, finance and accounts administration; data centricity and admin audit, accounting and budget; cyber security.

Resource persons for the same were

* Review of mentoring policy procedures based on the inputs from students(feedback), departments and NAAC Steering Committee.

* Continuation of internal training of members on effective practices of documentation.

Internal Collaborations
