MESSAGE FROM THE *Teacher-In-Charge*

Dear Students!

As the final pages of this chapter of your life turn, you would find yourselves standing at the edge of endings and new beginnings, all at once. A college is not merely a place of academic learning; it is a living, breathing ecosystem of ideas, emotions, and evolving identities. Within its corridors, students do far more than study - they question, they create, they fail, they rise, and most importantly, they discover who they are. The years spent within these college walls have been more than just pursuit of degrees - they have been a journey of growth, discovery, friendships, challenges and unforgettable memories.

From the nervous excitement of the first day to the bittersweet emotions of the last, each moment has shaped who you are today. Late-night study sessions, last-minute assignments, canteen conversations, cultural fests, and shared laughter have all become threads in the fabric of your collective story. You all arrived as individuals, but are leaving as a community bound by experiences that time will never erase.

This yearbook is not just a collection of photographs and names; it is a reflection of countless stories - of perseverance, ambition, creativity, and resilience. It captures the spirit of a batch that dared to dream, to strive and to support one another through every high and low. As you step into the world beyond college, you shall carry with you not just knowledge, but values, friendships, and lessons that will guide you forward. The future may be uncertain, but one thing remains constant - the memories you have created here will always be a source of strength and nostalgia.

Best wishes for new beginnings; chase your dreams and stay connected no matter where life takes you all. Though you part ways today, a part of you will always belong here. Once a part of this Gargi College, always a part of Gargi family.
