ABOUT US

Placement Cell, Gargi College is a professional body working towards maximizing student welfare. The team consists of a student body of individuals effortlessly working under a dedicated body of teachers, to nurture and prepare students for their future careers and bring success and repute to the institution.

Placement Cell acts as an interface between the students and the recruiters and is responsible for placement of final year students, providing internship opportunities and grooming the students of all batches. The Cell also conducts various training programs, workshops, seminars and webinars by industry experts, and regularly takes up various initiatives to develop students' skills and impart knowledge and awareness in multiple areas.

EY Global Delivery Services (GDS)

Greetings from EY Global Delivery Services (GDS). We are pleased to bring to you the 'GDS Young Tax Professional of the Year' (YTP) competition.

The competition will give you an opportunity to demonstrate your professional and collaborative skills among leading students from across the world. You will get a first-hand experience of the complexity of managing business and tax management. We are on the lookout for dynamic young students who are eager to demonstrate their potential to succeed in a global organization.

The winner of this competition will represent EY GDS in the global finale of YTP.

What's coming next?
 Join us for a presentation where we will explain Young Tax Professional of the Year 2020 in detail and also answer all your questions.
 Date: 2nd week of August (more details to be shared soon).

Announcements

Introduction to EY	EY representation
Answer YTP queries	
Members of the committee	Tax Leaders and Talent team from EY GDS
Details on registration process	

Your placement card will share an email with session details shortly. In the meantime, you can also follow us on LinkedIn, Facebook and Instagram. **#YTP #GDS Tax #YoungTaxProfessionalOfTheYear**

Get ready to set sail on a journey with exciting experiences and rewards. We look forward to seeing you in the virtual launch session where we will talk about this event.

MESSAGE FROM THE FACULTY

Ms. Sailaja Modem
Faculty Convenor
Dept. Of Elementary Education

My heartiest congratulations on coming out with the annual report. It is a reflection of the collective effort and initiative of the team. You navigated a historical year with renewed emphasis on internal training, internships, grooming sessions and working with self-less attitude. It is a delight to work with the team. I look forward to see you grow with unflinching commitment towards the spirit of Gargi college. Best wishes!

Ms. Aakriti Chaudhry
Faculty Co-Convenor
Dept. Of Commerce

It gives me immense pleasure to pen down this note for the annual report of the Placement Cell.

Since March, 2020 life has not been the same for all of us but the way in which the placement cell students have worked throughout the year is commendable. Throughout the placement cycle they have actively organised workshops and seminars that aimed to build on the students resume, enhance their communication skills, prepare them for online interviews and acquaint them to concepts like digital marketing, data analytics, data science, cybersecurity to name a few. This year the placement cell successfully organised the first internship fair virtually during the month of February. A total of 25 prestigious organizations participated in the fair and we received over 700 registrations.

As we move ahead, we will continue to support our students through various initiatives to ensure that once they graduate they have some direction to move their career forward

MESSAGES FROM TEACHERS

Dr. Shivani Tyagi
Faculty Treasurer
Dept. Of Zoology

The purpose of education is the holistic development of individual and Placement and Training cell of Gargi College imbibes it in the students.

I am delighted to see an enthusiastic student team who work continuously for the betterment of fellow learners.

Although this year was very unusual for everyone because of the pandemic, our team touched new heights by starting various initiatives as the virtual internship fair and many others and took advantage of online platforms to evolve in a new direction. I observed increased student participation because of flexible working hours. I hope upcoming batches will learn to work harder in every situation from this batch.

All the best.

Ms. Manpreet Kaur
Faculty Advisor
Dept. Of Mathematics

The hard work and dedication that student placement team shows throughout the year is really commendable. I appreciate the time and efforts you all put in to make all the events successful. Your innovative ideas to fill the gap between companies and students are really amazing and appreciable. I wish the team all the best for future ventures.
