Education (B.El.Ed.)

B.A. (Hons.) Business
Economics (B.B.E.)

COURSES IN BRIEF

ARTS AND HUMANITIES

- B.A. (Hons.) Applied Psychology:

The course in Applied Psychology is loaded with practicum conducted through experiential exercises, field studies and projects to enable students in developing skills and competencies needed for meeting the challenges and needs of the real world effectively.

- B.A. (Hons.) Economics:

Economics as an under graduate option opens up a huge spectrum of vistas ranging from academics, management, corporate sector, and bureaucracy to name a few. B.A. (H) Economics is the perfect hedge for a spectacular future, ceteris paribus.

- B.A. (Hons.) English and M.A. English:

English is an impactful department that takes students through the best in world literatures. The syllabus is rigorous in its coverage of important literary texts and landmarks and thus stands students in good stead in their future professional endeavours.

COURSES IN BRIEF

- B.A. (Hons.) Hindi:

This course introduces the students to great works of famous poets, dramatists, novelists and critical theorists from classical to modern times. The course content of Hindi has been specifically designed to equip the students with the requisite knowledge and skills to excel in the varied areas.

- B.A. (Hons.) Sanskrit:

The relevance of studying Sanskrit has been increased in the recent times and can offer students many avenues of intellectual and professional growth such as media, management, Ayurveda, Theater, Computer linguistics etc.

- B.A. (Hons.) Philosophy:

The objective of this subject is to make one read, think, research and critically analyse the world around. It helps to obtain a self-consistent understanding of things observed. Philosophy helps students prepare for careers in education, research, mass communication, journalism, social work, law, film appreciation, civil services, management studies and gender studies.

COURSES IN BRIEF

- B.A. (Hons.) Political Science and M.A. Political Science:

The department of Political science is dedicated to understanding and explaining the various meanings and practices of politics. It prepares students not only to be active citizens of the country but also helps them develop an analytical thinking so that they can critically engage with the issues concerning the state and its policies.

- B.A.(Hons.) History:

The course acquaints students with the History of India (Ancient, Medieval and Modern) and also of Europe, the East Asia, the USSR and the United States of America. It enables students to pursue a career in education, civil services, research, journalism, law, archaeology etc.

- B.A. Programme:

B.A. Programme course offers large amount of flexibility, and the student is introduced to diverse subjects of disciplinary and interdisciplinary nature. Courses in B.A. Programme are relevant to the immediate environment of social opportunities while offering basic intellectual equipment expected of a programme of higher education.

COURSES IN BRIEF

SCIENCE

- B.Sc. (Hons.) Botany:

Botany is a discipline of Biology which deals with study of plants. The course structure complements conventional branches of plant sciences with modern biology and comprises of class room lectures, laboratory practicals and field studies.

- B.Sc. (Hons.) Chemistry and M.Sc. Chemistry:

Department of Chemistry has distinguished itself as a centre for innovative and pioneering research in a wide range of areas in chemistry and chemistry interfacing with physical and biological sciences. The Department aims to nurture the student in every possible way.

- B.Sc. (Hons.) Mathematics:

The curriculum for B.Sc. (Hons.) Mathematics is prepared keeping in mind the needs and aspirations of students of mathematics as well as the evolving nature of mathematics as a subject. The course holds a balance between pure and applied mathematics.

COURSES IN BRIEF

- B.Sc. (Hons.) Microbiology:

Microbiology is the study of microscopic organisms that are too small to be seen by unaided eye. This course not only imparts students with an in-depth knowledge of the subject, but enables them to gauge the huge possibilities and practical application of microorganisms in food and pharmaceutical industries, Microbial diagnosis in health clinics, biofertilizers and biopesticides.

- B.Sc. (Hons.) Physics:

B.Sc. (Hons.) Physics is a study of matters and its motion through space and time. The curriculum includes various Skill enhancement courses where students "learn by doing".

- B.Sc. (Hons.) Zoology:

Department of Zoology offers understanding and knowledge in its field through the well-designed course work and various co-curricular programs, harmonizing each student's academic life. It focuses on equipping students with clear and comprehensive knowledge of Zoological training that covers both classical and applied facet of animal life.

COURSES IN BRIEF

- B.Sc. (Prog.) Life Sciences:

B.Sc. Life Sciences is a 3-year undergraduate course involving the study of various life processes in plants, animals and organisms. The course, incorporates both practical and theoretical knowledge in the students.

- B.Sc. (Prog.) Physical Sciences:

The department strives to inculcate appropriate values and qualities required to develop sports persons and physical education professional at various levels. The course has been designed to encourage psychomotor learning in a game-based setting.

COURSES IN BRIEF

COMMERCE

- B.Com. (Hons.) and B.Com.(Prog.) :

The B.Com(Hons.) and B.Com. (Prog.) course comprises of various unique subjects viz. Corporate Accounting, Management Accounting, Business and Corporate Law, E-Marketing, Taxation, Entrepreneurship, Financial Management, Human Resource Management etc. which empowers them to handle the challenges of global business environment.

The Commerce education also opens further avenues in academic as well as professional fronts. Courses like M.Com, CA, CMA, CFA, CS, MBA, Actuarial science etc. can be pursued after their three year graduation degree.

COURSES IN BRIEF

PROFESSIONAL COURSES

- Bachelor of Elementary Education (B.El.Ed.)

It is a four-year integrated professional degree programme for training teachers at the elementary school level. It is a recognised programme by the National Council for Teacher Education (NCTE). The idea behind this programme is to integrate the study of subject knowledge, human development, teaching skills and communication skills.

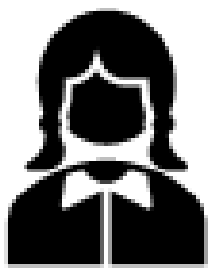

- B.A. (Hons.) Business Economics (B.B.E.)

B.A. (Honours) Business Economics is an interdisciplinary course having a curriculum designed to equip the students with knowledge of diverse fields including Economics, Commerce and Mathematics. The structure of the course aims to develop analytical skills in the students which enable them to understand Business world and Economics scenario. The three year programme makes it mandatory for students to gain practical exposure by interning in different sectors.
